Forging Ahead:

Upholding a Rich Legacy

Shivalik Bimetal Controls Ltd., established in 1984, is a distinguished process and product engineering company based in India. We specialize in manufacturing of Thermostatic Bimetal /Trimetal strips, Components, EB welded products with multigauge, Cold Bonded Bimetal Strips and Parts. We also specialize in manufacturing of shunt resistors and silver & electrical contacts. Our precision-crafted components find applications in a wide range of industries, including electrical, electronics, automotive, agricultural, medical, defence, and industrial sectors. Our intellectual capital and deep expertise in engineering allows us to not only meet current industry needs but also anticipate future trends. Shivalik holds a pivotal position in the high-growth segments of Automotive, Industrial Equipment, and Power Electronics, where our electrical components define performance standards.

The rising demand for switchgear, battery management and smart metering systems also conveys solid long-term prospects for Shivalik's product lines. With its unique business model based on proprietary bimetal technologies and niche solutions that OEMs demand, Shivalik thrives in an industry with high entry barriers. Today, as a valued vendor, the Company is making a mark in supplying high-quality shunt resistors to the fast-emerging electric vehicles and customisable smart meters of the future.

Shivalik's highly experienced management has led the Company to prominent ownership in technology and applications. Its solid balance sheet, combined with prudent capital management, drives Shivalik's robust growth potential. Shivalik's plants are operated by a team of **808 vastly skilled people**, Shivalik serves more than **125 clients globally**.
